

# MATHS WEEK SCOTLAND 2021

## CAREERS CARDS Activity Ideas

What skills do you think are needed for the job/role?

Research keywords you haven't heard of before

Match keywords across cards

What would be conversation with one of the STEM Ambassadors be like? Act it out with a partner!

Imagine there has been a flood - which STEM Ambassadors would you want on your team responding to this?

Invent a product that will solve a problem, either locally or globally, and choose the STEM Ambassadors you would hire to help you!

Research the STEM job that sounded most interesting to you

Set some of these questions or tasks to help learners explore the cards.  
Do they have questions for a STEM Ambassador?  
Would they like to meet one of them?
