

Set some of these questions or tasks to help learners explore the cards.

What does sustainability mean to you?

Which STEM Ambassador has a job you would like to do?

What have you learned about that you didn't know before?

Research keywords that are new to you

Which of the Sustainable Development Goals can you, or do you already, support in your centre?

Do you have questions for any of the STEM Ambassadors?

Do your learners have questions for a STEM Ambassador?

Would they like to meet one of them?
